PROFESSIONAL SUMMARY

Frontend Developer and recent Computer Science graduate with hands-on experience building responsive, cross-browser-compatible web applications using HTML5, CSS3, JavaScript (ES6+), and React.js. Skilled in REST API integration, component-based development, SQL fundamentals, and Git/GitHub version control. Passionate about problem-solving, adaptable to new technologies, and committed to continuous learning, seeking a Graduate Trainee / Frontend Developer role to contribute to scalable, user-centric software solutions.

TECHNICAL SKILLS

Frontend Development: HTML5, CSS3, JavaScript (ES6+), React.js, React Hooks, Component-Based Development

Web Development: Responsive Web Design, DOM Manipulation, REST API Integration, UI Development, Local Storage

Version Control: Git, GitHub

Database: SQL (SELECT, JOINS, GROUP BY)

Tools & Technologies: VS Code, ChromeDevTools

Core Strengths: Continuous Learning, Debugging, Attention to Detail, Team Collaboration, Problem Solving, Time Management, Adaptability

PROJECTS

Shopora — E-commerce Website | *React.js, JavaScript, HTML, CSS*

- Built a multi-page e-commerce app in React.js with product listings, detailed product views, and category-based search and filtering.
- Developed a shopping cart with quantity management, real-time total and discount calculation, and a checkout/order summary UI.
- Structured the app using reusable, component-based architecture with React Router navigation and Context API for shared state management.
- Built a fully responsive layout optimized for desktop, tablet, and mobile screens.

Personal Portfolio Website | *HTML5, CSS3, JavaScript*

- Designed and built a fully responsive personal portfolio to showcase skills, projects, and contact details to potential employers.
- Structured semantic HTML5 sections and implemented a mobile-first, cross-browser-compatible layout using CSS3 Flexbox and Grid.
- Deployed and hosted via GitHub Pages with continuous updates as new projects were added.

To-Do List Web Application | *React.js, React Hooks, Local Storage*

- Built using React functional components and Hooks (useState, useEffect) for state management.
- Implemented add, edit, delete, and mark-as-complete functionality with conditional rendering and array methods (map, filter).
- Persisted tasks using Local Storage with useEffect, and added keyboard (Enter key) support for smooth task entry

Currency Converter Web Application | *HTML5, CSS3, JavaScript, REST API*

- Integrated a third-party REST API to deliver real-time currency conversion with dynamic currency dropdown selection.
- Implemented form validation and error handling to ensure reliable data input and a robust user experience.
- Designed a clean, responsive UI for seamless use across desktop and mobile browsers.

EDUCATION

Bachelor of Science (B.Sc.) – Computer Science 2022 – 2025

The Madurai Diraviyam Thayumanavar Hindu College, Tirunelveli

Higher Secondary Certificate (HSC) – Mathematics & Biology 2021 – 2022

The Madurai Diraviyam Thayumanavar Hindu Higher Secondary School, Tirunelveli

CERTIFICATIONS

- Full Stack Web Development Bootcamp (30-Day Challenge)
- Introduction to Front-End Development — Simplilearn SkillUp
- Introduction to SQL — Simplilearn SkillUp
